

MMSYM Schedule
 9–10 September, 2019
 Faculty of Arts, University of Leuven
 Blijde Inkomststraat 21, Leuven

All events take place at MSI 00.28, unless otherwise noted.

Day 1	
08:30–09:00	Registration & coffee (MSI entrance hall)
09:00–09:30	Opening
09:30–10:30	Lindsay Ferrara The semiotic diversity of signed language interactions and what this means for the study of multimodal communication and language theory
10:30–11:00	Coffee (MSI entrance hall)
11:00–11:30	Gabrielle Hodge, Adam Schembri, Trevor Johnston & Kearsy Cormier Semiotic diversity in signed utterances: Evidence from conversations in the British Sign Language Corpus
11:30–12:00	Inez Beukeleers, Hui-Chieh Hsu, Geert Brône, Kurt Feyaerts & Myriam Vermeerbergen Complex composite depictions and their semiotic diversity: Evidence from gestures and signs
12:00–12:30	Julia Valeiras-Jurado & Noelia Ruiz-Madrid When pointing becomes more than pointing: Multimodal evaluation in product pitches
12:30–14:00	Lunch (Erasmushuis entrance hall)
14:00–14:30	Sabrina von Au, Katharina Hümmer, Marie Garling, Hedda Lausberg & Ingo Helmich Are emotions hemispheric specialized?
14:30–15:00	Kaela DeAngelis & Terne Thorn Jakobsen The impact of virtual reality on visuospatial abilities and free recall
15:00–15:30	Gilbert Ambrazaitis, Johan Frid & David House Multimodal prominence ratings: Effects of screen size and audio device
15:30–16:00	Coffee (MSI entrance hall)
16:00–16:30	Costanza Navarretta, Patrizia Paggio & Bjørn Wessel-Tolvig Dialogue acts in a first encounter corpus
16:30–17:00	Ielka van der Sluis & Gisela Redeker The PAT Annotation Model for multimodal instructions
17:00–17:30	Wim Pouw & James Dixon Gesture networks: Introducing dynamic time warping and network analyses for the kinematic study of gesture ensembles
17:30–19:00	Social event <i>Guided tour to the university library tower with carillon demonstration by Dr. Luc Rombouts</i>
19:00–	Dinner (Gloria, Arnould Nobelstraat 50)

Day 2			
08:30–09:00	Coffee (MSI entrance hall)		
09:00–10:30	Demo sessions		
	<table border="1"> <tr> <td>Hedda Lausberg The Neuropsychological Gesture (NEUROGES) analysis system — Behavioral analysis in linguistic research (MSI 01.20)</td> <td>METLab Leuven Non-intrusive eye-tracking in linguistics (MSI 01.23)</td> </tr> </table>	Hedda Lausberg The Neuropsychological Gesture (NEUROGES) analysis system — Behavioral analysis in linguistic research (MSI 01.20)	METLab Leuven Non-intrusive eye-tracking in linguistics (MSI 01.23)
Hedda Lausberg The Neuropsychological Gesture (NEUROGES) analysis system — Behavioral analysis in linguistic research (MSI 01.20)	METLab Leuven Non-intrusive eye-tracking in linguistics (MSI 01.23)		
10:30–11:00	Coffee (MSI entrance hall)		
11:00–11:30	Andrea Leung, Zhanao Fu & Philip Monahan The effect of visual integration of pitch contour in Mandarin tone perception		
11:30–12:00	Johan Frid, Malin Svensson Lundmark, Gilbert Ambrazaitis & David House EMA-based head movements, word accent and vowel length		
12:00–12:30	Marlou Rasenberg, Mark Dingemanse & Asli Özyürek Lexical and gestural alignment in collaborative referring		
12:30–14:00	Lunch (Alma 1, Tiensestraat 115)		
14:00–14:30	Kaat De Guedre & Bert Oben Multimodal predictors for conversational dominance		
14:30–15:00	Hedda Lausberg, Katharina Reinecke, Monika Kryger-Krämer & Harald Skomroch What the patient's gestures reflect about her/his concepts of symptoms and relevant relationships		
15:00–15:30	Alysson Lepeut Crossroads between gesture, sign, and language: The palm-up in the management of spoken and signed interaction in French-speaking Belgium		
15:30–16:00	Coffee (MSI entrance hall)		
16:00–16:30	Alessandro Rosborough & Jennifer Wimmer Multimodal contingency in developing second language learning and literacy		
16:30–17:00	Jillian Murphy Practical implications of second modality second language (M2L2) acquisition in pedagogical contexts: A call for research		
17:10–18:10	Federico Rossano Interacting like a human being: Calibrating first moves in social interaction		
18:10–18:30	Closing
